jewson.co.uk

Dear customer,

Given the current market conditions we know how important it is that you are provided with notice of any significant price changes. We are therefore advising you of some price increases on drainage products that you have purchased previously.

Product Category	Price Increase	Live Date
Drainage and Above Ground Plastics	6%	1st April 2021
Drainage and Above Ground Plastics	12.8%	1st May 2021

Please note, the above increases do not apply to all products within the categories and only highlight the most relevant price increases.

Why we're raising our prices. Since mid-2020 there has been a significant increase in global demand for polymers which means there is a higher cost of this raw material. This has resulted in consistent price increases on materials such as PVC, polyethylene and polypropylene. This has unfortunately been coupled with the extreme weather events in the US and the worldwide conditions we are currently facing.

To keep up to date with any other price increases and product availability, please visit our dedicated supplier updates page here: www.jewson.co.uk/supplier-updates

If you'd like to talk to us about anything we've included within this letter, please get in touch with your local branch.

We look forward to working with you in 2021.

Yours Sincerely,
Jewson
